RECENT EXPERIENCE

Product Designer
Movemeon

Aug 2023 - Present - London

Tasked with the company rebranding, website redesign and creating a net new product to the existing legacy system. Delivering creative solutions for enhanced user experience and brand impact.

Product Designer
TILLIT

May 2022 - Aug 2023 - London

I created TILLIT's Design System and collaborated with developers on our website's redesign, developed features and tools in our investment platform, and worked on print & digital marketing campaigns including the Investor Chronicle, London Underground, and The Economist.

UX/UI Designer
Lolly Co

Oct 2020 - May 2022, London

At Lolly Co, I designed high-end web applications & software and websites; experiencing the project life-cycle from initial discussions with the client, through design and development, and release.

Graphic Designer
Cambridge Publishers Limited

Aug 2018 - Apr 2020, Cambridge

At CPL, I designed print and digital collateral for Darley and Godolphin, a global thoroughbred breeding operation and horse racing team founded by His Highness Sheikh Mohammed. I also taught students editorial publication production.
